Marion, OH (May 2018) –TODCO, Transportation Division of Overhead Door Corporation, has promoted James Dimmick to the Director of Engineering and OEM Sales. The announcement was made recently by Joe Owen, President of TODCO.

In James' expanded role, he will have responsibility of providing leadership, direction, and management to the sales team in executing our strategic sales growth initiatives. Additionally, James' new role recognizes that our OEM customers are especially interested in a closer working relationship with our Engineering Team.

James joined TODCO five years ago as Manager – Quality, Lean and Engineering, and was promoted to Director two years ago. James' extensive knowledge of our products, OEM customers' applications, as well as fleet applications makes him uniquely qualified for this key sales leadership role.

James Dimmick can be reached by phone at 740-223-2553, or through his email address, james_dimmick@todco.com.

Headquartered in Marion, Ohio, TODCO manufactures roll-up doors, swing doors and walk ramps for the trucking industry. TODCO is focused on "Miles That Matter" (lowering the total cost of ownership value proposition) and providing superior after sales support. The company operates from two manufacturing plants in Marion, Ohio and Tecate, Mexico. For more information, visit us at www.todco.com.

Note to Editor: Please note that "TODCO" is spelled with all caps, it is an acronym for The Overhead Door Corporation.
